Product Description

Sunfire SF150 Radiant Heater 150,000 BTU

Heavy-duty and built to last. This powerful and Portable Radiant Heater offers an odorless experience for your shop, pole barn, or job site. The SF150 is built for rugged tough long-term use. This heater is built with heavy-duty steel that's tough enough to withstand weight from a pickup truck without a dent.

Thermostat Capability

The SF80 is wired for optional thermostat use. you can use any standard mechanical or battery-operated wall thermostat of your choice. Do not use a thermostat requiring 120V of power to operate.

Thermostat not included.

Powerful & PORTABLE

The SF150 offers the greatest power in a portable fuel-fired radiant heater at a premier 150,000 BTUs. Its size and flat-free rubber wheels allow it to easily roll with one person in any shop, warehouse, or garage.
