Product Description

Qwikchute NQD-GZ19-34

The Qwikchute was designed and built to achieve three goals: **Greater Choices, Increased Profits, and Improved Safety.**

Mechanically operated with no electrical wiring or motors, constructed of heavy gauge steel with a durable powder coat paint finish, and a replaceable high impact plastic door plate. This design ensures that the Qwikchute will perform for many mowing seasons.

Compatible with: Gravely Compact PRO-34 2019 & newer linkage deck supports
