Product Description

Burromax Electric Pit Bike, HRS Model

Meet the Burromax HRS - Power, Comfort, and Performance in a Compact Ride! The Burromax HRS is the ultimate pavement bike for riders who want it all-power, comfort, agility, and style all without taking up a ton of space. Whether you're cruising the pits at your local racetrack, exploring events, or just enjoying the open pavement, the HRS delivers a premium ride experience from cruising to full-speed fun. Built for teens and adults alike, the HRS blends a tall, confident stance with a super-comfortable seat, sport tuned suspension, and tall sidewall tires that glide smoothly across pavement. Anodized hydraulic disc brakes offer sharp, responsive stopping power, and the high-torque motor provides both punchy acceleration and extended range. With optional front and rear storage racks and handlebar bags, the HRS is ready to carry your gear wherever the road takes you. This isn't just a mini bike, it's a premium full-featured pit bike where comfort is king, power is always on tap, and range goes the distance.

The Burromax HRS: Big performance. Smart size. Ready for anything.

Features

- **High-Performance Motor:** Experience instant torque and rapid acceleration with the brushless DC motor spinning at 8000 RPM! Perfect for ripping on the track!
- **52V Lithium-Ion Battery System:** Enjoy up to 45+ miles of range on a single charge with impressive efficiency and quick recharge time.
- **Full Suspension System:** Front hydraulic forks and a rear 3-way adjustable mono-shock deliver a smooth predictable ride.
- **Super Moto Tires:** Tall sidewall street tread will last a long time and provide an exceptionally smooth ride.
- **Performance Display:** Speed, distance, battery life, and ride mode at a glance.
- **Adjustable Riding Modes:** Choose from three speed settings to suit beginners, intermediates, or advanced riders. Lockout advanced mode if needed to insure safety when introducing the bike to riders.
- **FULLY UPGRADEABLE:** Sprockets, brakes, handlebars, wheels, tires and much more, Burromax has all the accessories and upgrade kits for you to make your bike stand out of the crowd.
